Patient Portal Sign up

Patients under the age of 18 require an "authorized representative" which is a parent or guardian. Only one parent can be the authorized representative for a child. Once a patient turns 18 the authorized representative is automatically deactivated and the patient can activate their own portal. If there are multiple children in a family, each patient will have their own account. After all information below is entered into the system, we will mail you an activation letter with instructions and an activation code that you will need to sign in for the first time.

I request that health information regarding my care and treatment be accessed as set forth on this form. I can choose whether or not to allow Child Health Care Associates to obtain access to my medical records through the health information exchange organization called HealtheConnections. If I give consent, my medical records from different places where I get health care can be accessed using a statewide computer network. HealtheConnections is a not-for-profit organization that shares information about people's health electronically and meets the privacy and security standards of HIPAA and New York State Law. To learn more visit HealtheConnections website at http://healtheconnections.org/.

My information may be accessed in the event of an emergency, unless I complete this form and check box #3, which states that I deny consent even in a medical emergency.

The choice I make in this form will NOT affect my ability to get medical care. The choice I make in this form does NOT allow health insurers to have access to my information for the purpose of deciding whether to provide me with health insurance coverage or pay my medical bills.

My Consent Choice. ONE box is checked to the left of my choice.
I can fill out this form now or in the future.
I can also change my decision at any time by completing a new form.

☐ **1. I GIVE CONSENT** for Child Health Care Associates to access ALL of my electronic health information through HealtheConnections to provide health care services (including emergency care).

☐ **2. I DENY CONSENT** for Child Health Care Associates to access my electronic health information through HealtheConnections for any purpose, even in a medical emergency.

My questions about this form have been answered and I have been provided a copy of this form if requested.
